

60 SECOND RADIO PSA

Title: STD Awareness Month

(FEMALE ANNOUNCER: Voiceover, simple read)

Right now, you're probably driving in your car, maybe on your way home from class or work. It's been a stressful day.

You have so much on your mind like relationship issues (*SFX PEOPLE FIGHTING*), money troubles (*SFX CHA-CHING*) and all the homework you need to complete once you get home (*SFX SCRIBBLING ON PAPER*).

You're probably not thinking about the fact that your last sexual partner could have been carrying a sexually transmitted disease! (*SFX GASP*) That's right. You could have a STD right now from that super nice guy you met at the bar last week (*SFX GLASSES CLINKING*).

One in four college students have STDs and most of them don't even know! 80% of people with an STD experience no noticeable symptoms. If you're asymptomatic, you could unknowingly be spreading STDs to your sexual partner or partners.

Do you really want Herpes (*SFX OUCH*), Crabs (*SFX SCRATCH*) and Chlamydia (*EW*) in the way while you're trying to get busy? No!

April is STD awareness month so go get tested for free at a SET Repro location near you. Call (517) 123-4567 or visit SET-Repro dot org to find a testing location near you.

Your sex life, your business. Brought to you by SET Repro.
